FYI- The WA Stormwater Center's research summit has been moved from 9/26 to 10/15. I just registered and reserved a van to drive down to the event in Puyallup. I heard that it's filling up quickly, so register ASAP if you want to go. I can forward the link to register if you are available on Oct 15.

Also, I registered for myself, but Sally Hanft registered and cannot attend, so someone from EPA can use her registration (see attached). If you want to use Sally's spot, cc this group to let people know, please.

Thanks,
